- * A Previous Logon box will appear, please read and then click on the X.

From this page you can view your Levy Statements and Accounts.

To view and if needed dispute a levy please click on Levy Statements. You will be able view your shifts. If the Status is Pending then click on the Date to view the jobs where you find more information. Please check the jobs and if from time to time you need to Dispute a Job Levy please click on Dispute. A new page will display even more details of the job. Click on the V in the Please Select section and then click on the description that best fits the reason for the Dispute. Please note, work from another Relevant Provider can be disputed at this level. Click on Dispute found on the bottom of the left hand side of the page.
