

9 August 2017

Dear Operator / Driver

The Policy that has been set by Management requires Drivers to be invoiced for all Completed Company Bookings as well as all Rank & Hail work.

The Co-op submitted the June 2017 Levy Report and informed the DPTI that the report is inclusive of all Completed Jobs and that the Operators in Adelaide Independent Taxis and Adelaide Access Taxis were included and as such the Taxi Operators need not file separate Reports. To date we have had no correspondence suggesting this solution has been rejected.

Update on Levy Payment Schedule:

- * The Levy for July 2017 must be paid by Monday 20 August, 2017
- * As of Monday 4 September, 2017 the Levy balance must not exceed \$100
- * As of Monday 18 September, 2017 the Levy Balance must not exceed \$50
- * AIT reserves the right to Inhibit a Drivers MTDData PIN when the above Levy Balances are exceeded.
- * As of Monday 4 September, 2017 the Direct Debit Program will be set to Debit every hour. The Auto Inhibit Program will also be set hourly. When paying by Direct Debit the PIN will be re-activated within 1 hour.

Please Note:

- * The Direct Debit Solution is available and accepts Visa - Credit or Debit Cards, Mastercard - Credit or Debit Cards and Pre - Paid Debit Cards obtained from the Post Office. AIT imposes no service fees.
- * The minimum Account Credit amount has been set at \$20. However if you want to set a greater amount eg \$50 then please contact administration
- * Please ensure that you have completed your Contact Details on the Website or in person at administration. Please update card details before the expiry date.
- * Disputing the Levy will only be open for 7 days.
- * Please be of the understanding that if your account is not up to date in the time frame set down by AIT Management then, AIT reserves the right to Inhibit the Driver's MTDData PIN until the account is in Credit
- * The Letter in Bulletins dated June 28, 2017 has a comprehensive operating procedure for the Levy.

Thank you for your continued support and understanding.

Best regards

Jim Triantafyllou
General Manager
